PROFESSIONAL EXPERIENCE

Product Owner — The Wise Dreams Jul 2025 — May 2026
Web & VR

I lead Web and VR projects, aligning business goals, technical feasibility and real user needs; I translate research findings into product priorities.

Product Designer — The Wise Dreams Oct 2024 — May 2026
Triportation · Virtual reality product for Meta Quest 3

Product design for Meta Quest 3; usability research on VR navigation to simplify the product based on users' tech familiarity rather than their age.

Product Designer — Agile Monkeys Mar — Apr 2024
Freelance · Digital product consultancy

UX research that challenged the investment in an AI-based recommendation engine and optimized purchase packs in online vinyl sales.

UX/UI Designer — Smartvel Jan — Sept 2023
Madrid · Travel B2B

UX audits to improve the usability of existing products in a B2B travel context.

SIDE PROJECTS

Cappy — 1st prize, ECOhackathon Itainnova, Zaragoza
Desk research and interviews to explore how to improve car use in urban environments and reduce its ecological impact, through shared parking.

Pujobaixo — Exploratory research, carpooling
Research into the barriers and motivations of drivers and passengers on a carpooling platform between the Berguedà and Barcelona.
